Hello All Participants of the METEC Summer Biathlon Series 1!

A big thank you to you all for coming along and having a go, it was great to see people actively involved in other apparatus other than skis and .22 rifles and being keenly curious & competitive.

ABA registered 17 competitors of varying age groups and abilities, some of which were brand new to this sport and equally, keenly involved. A big thank you goes to our friends at METEC for making this great venue available to us during this beautiful time of year, where we can begin to wet our appetites for what lies ahead this winter.

Coupled with the inspiration garnished from the recent Winter Olympics, you can all put into practice what you may have observed during those late night vigils by the television.

See below a table of results from our first event which gives you all something to aim for improvement at our next event scheduled for 16th March.

We have reallocated race bibs for the next event due to the poor quality of some of the previous bibs!
